

**Linelist of 51 total homeless response system facilities being monitored for COVID-19 as of 07/05/2020**

This only includes facilities where a positive resident case has been associated with the facility.

Onset date is used if available; if asymptomatic or unknown, the value will be represented by specimen collection date.

For COVID-19 investigation purposes, homeless response system facilities include emergency shelters, homeless housing (permanent supportive housing and transitional housing), and day services (day centers, hygiene centers, and food/meal programs). Some clients utilize multiple facilities for services. For tracking and investigation purposes, individuals are assigned to a single facility.
