Re: Termination of Memorandum of Agreement

Dear Dr. Lamont Green,

The King County Regional Homelessness Authority (KCRHA) is terminating the Memorandum of Agreement between KCRHA and Building Changes (BC), as former fiscal sponsor for the Washington Lived Experience Coalition (LEC) (the "Agreement") effective immediately. KCRHA and BC are terminating the Agreement because the LEC no longer has a business relationship with BC, who was the legal entity signing onto the Agreement.

Since the LEC was not a legal entity when the Agreement was executed in August 2022, the Agreement will be terminated immediately once signed by Marc Dones, Chief Executive Officer of the KCRHA, and Daniel Zavala, Executive Director of Building Changes. Upon execution of this document, all parties are released of any rights and obligations created under the Agreement. No officers, agents, or contractors of the Lived Experience coalition are permitted to use KCRHA, claim any relationship or fiscal sponsorship by KCRHA, or bind KCRHA to any contract, action, or activity.

As a courtesy, KCRHA and BC request that Dr. Lamont Green, the Executive Director of the LEC, countersign where indicated below, acknowledging the Agreement's termination. Failure to countersign will not affect the validity of this termination letter.

Sincerely,

Marc Dones, Chief Executive Officer, King County Regional Homelessness Authority

Daniel Zavala, Executive Director, Building Changes

AGREED TO AND ACCEPTED BY:

Dr. Lamont Green, Executive Director, Lived Experience Coalition
