Considering how agitated they are about the exterior, is there a reason we cannot get a coat of paint put on the outlined areas right before the all-star game next month?

Could we see about getting the exterior cleaned up at the 3rd and Union Post Office ?

Thank you for your response. However, this is very disappointing indeed.

The City may be compelled to take action regarding the graffiti on the building, violating the city code. Your building looks terrible and contributes to blight.

I would also point out that the University District post office has a mural painting on it that the UW completed. So permission can be and has been granted in the past.
